Dear Mr. Oleson,

I am writing to you in regards to the Jaeger building project located at 11321 Kimball Ave NW located on Bass Lake. I have known the Jaeger family for approximately 20 some years.

Since the day they became property owners at Bass Lake, they have been good and caring stewards of our lake and it's resources. Not only that, but they have been the best neighbors anyone could ask for.

Therefore, I wholeheartedly and enthusiastically support approval for this project.

Best regards,
Beth Papas
